PROFESSIONAL SUMMARY

Experienced **React Native Developer** with over 6 years of expertise in building high-performance mobile applications for iOS and Android. Skilled in designing pixel-perfect, responsive interfaces and integrating advanced features like **OTA updates**, **push notifications**, and **real-time data** handling. Adept at collaborating with backend teams to deliver seamless API integrations and optimizing performance for scalability. Proven track record of delivering production-ready apps that enhance user experiences and meet business goals.

CORE COMPETENCIES

- **Mobile Development**: React Native, Redux, TypeScript
- **Frontend Development**: React.js, Component-Driven Architecture
- **Backend Integration**: RESTful APIs, Node.js
- **DevOps & Tools**: App Center, GitHub Actions
- **Advanced Features**: OTA Updates, Push Notifications, Video Calling SDKs, WebRTC

PROFESSIONAL EXPERIENCE

Groyyo – Mumbai, India
Senior Software Developer
11/2022 – Present

- Led the development of **React Native** mobile apps for **Groyyo Plus**, an ERP solution for factories, ensuring smooth and efficient user experiences.
- Built two dedicated mobile apps for **Intent360**: one for **managers** to track production and quality, and another for **checkers** to record real-time factory data.
- Integrated features such as **push notifications**, **bulk data uploads**, and **report generation** into the mobile platform.
- Delivered **OTA updates** to keep mobile apps up-to-date with zero downtime, enhancing operational efficiency.
- Worked closely with backend teams to optimize API performance for low-latency interactions.

CometChat (formerly Inscripts) – Mumbai, India
Senior React Native Developer
10/2020 – 11/2022

- Designed and developed a **React Native UI Kit** with reusable, customizable components like **chat interfaces**, **message bubbles**, **video call screens**, and **user lists**.
- Focused on creating **pixel-perfect, themeable components** with light and dark mode support to enhance UI/UX.
- Built a **video calling SDK** for React Native applications, enabling seamless real-time communication features.
- Integrated **WebRTC** into mobile applications to support audio/video calls and data sharing.
- Developed **Node.js APIs** for storing analytics data in **PostgreSQL**, providing valuable insights into app performance.

Cabbagesoft – Mumbai, India
React Native Developer
10/2019 – 09/2021

- Developed cross-platform mobile apps using **React Native**, delivering smooth performance and responsive UIs.
- Integrated third-party APIs for features like **real-time notifications** and **dynamic data updates**, enhancing app functionality.
- Collaborated with designers and backend teams to convert UI mockups into functional, pixel-perfect screens.

Nine Square Solution – Mumbai, India
React Native Developer
05/2018 – 10/2019

- Built and deployed React Native mobile applications for iOS and Android, focusing on intuitive design and performance.
- Implemented **responsive UI components** and optimized user flows to improve usability and engagement.
- Worked on API integration to ensure seamless data exchanges between mobile apps and backend services.

EDUCATION

Master of Science in Information Technology
KES College, Mumbai | 2021

Bachelor of Science in Information Technology
Nirmala Memorial College, Mumbai | 2018
